CHARACTER IS THE BASIS OF CREDIT

MORGAN whose power and strength came by helping others to make money through wise investment, made personal character the basis of all his loans.

Man's Trust in Man

"Before money or anything else, comes character—record," said Mr. Morgan. "A man I could not trust could not get money from me on all the bonds in Christendom."

"I have known a man to come into my office and I have given him a check for a million dollars when I knew he had not a cent in the world."

Wisdom in finances encourages foresight, thrift and confidence. It is the lesson of progressive today and it applies as much to the grown up as it does to the younger generation.

The boy or girl who saves reaches maturity with habits and qualities of character essential to success cultivated and developed.

An account here for yourself—your boy or girl—is the foundation for a greater future.
